

ALPHADECKSTAGING

Rugged, durable and affordable modular event and performance staging systems for all types of venues and special events

Create your own custom performance deck or choose one of our easy-to-order AlphaDeck Kits.

Features

- Practical and affordable modular event/performance staging system
- Quick and simple to install and dismantle – does not require trained personnel
- Standard units are 4ft x 4ft and 2ft x 4ft, and can be handled by one person
- Frame is made of rugged galvanized steel – which will not rust or rot
- Units lock together to create a seamless surface
- Standard top is made of gray plywood. We also offer gray carpet and solid wood (in 2 colors). Custom tops are available
- Stairs, guard rails, ramps, skirting and rubber feet are available
- Create your own custom system or choose from one of our easy to order modular systems
- Compatible with most other systems
- Available for sales and rentals
